REPORT OF COUNCIL

To the Members, at the Annual General Meeting, Wednesday, February 26th, 1896.

I. SESSION 1894–95.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1525, being a decrease of 117 on that of the preceding Session. Of these 1100 were Students in the College, and 425 Pupils in the School. Of the Students, 350 belonged to the Faculty of Medicine, 112 being new Students: in the Faculties of Arts and Laws and of Science there were 750 Students, 332 being new Students. The largest number of Boys in the School in any one Term was 366.

In the Faculties of Arts and Laws and of Science these figures show, as compared with the preceding Session, a decrease of 155 in the new Students and a total decrease of 117; and in the Faculty of Medicine an increase of 26 in the new Students, and a net increase of 22.

The Fees received (exclusive of those for Clinical Instruction) amounted to £24,633 0*s.* 0*d.*, being £1,670 11*s.* 0*d.* less than in the Session 1893–94.

The details for the two Sessions compared were as follows:—

	1894–95.			1893–94.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	4,872	0	0	5,063	12	6
Faculties of Arts and Laws and of Science	11,721	3	0	12,649	17	6
School	8,039	17	0	8,590	1	0
	£24,633	0	0	£26,303	11	0

In addition to the above-stated amounts, the sum of £1,967 14*s.* 0*d.* was received for Clinical Instruction in the Hospital, making a total of £6,839 14*s.* 0*d.* paid by Students of the Faculty of Medicine in the Session.

The share of fees paid to Professors, Teachers, and Masters amounted to £17,318 4*s.* 8*d.*

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division

at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was not awarded last year. The Horton Memorial Scholarship was awarded to M. M. Keyser.

In 1895 12 pupils passed the Matriculation Examination of the University of London.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1890–91.....	474	488	498	487
1891–92.....	454	459	446	453
1892–93.....	416	415	404	412
1893–94.....	390	377	369	378
1894–95	355	366	356	359

From the Tables submitted it appears that 23 boys were entered in the Black Book last Session, the total number of entries being 35.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

THE BRANCH SCHOOL.

The Preparatory School at Hampstead is making satisfactory progress under the Head Master, Mr. C. Simmons. There are at present 74 boys in the School.

II. GENERAL FINANCES.

The excess of expenditure over receipts for the past Session was £1,503 2*s.* 1*d.*

There was at the end of the Financial year £2,098 7*s.* 7*d.* on the debit side of the Old Building Fund Account, and £19,793 7*s.* 1*d.* on the debit side of the Buildings Extension Account, 1890, representing expenditure on these accounts unprovided for by contributions.

The Council have purchased the freehold of four houses in Gower Street, Nos. 120, 122, 128, and 130, at a cost of £4,500. This expenditure was met by the sale of £4,000 India 3½ per cent. Stock.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1896, have been as follows:—in the Faculty of Medicine, 235, of whom 56 are new Students; in the Faculties of Arts and Laws and of Science, 626, of whom 271 are new Students.

The entries in the School, in Michaelmas Term, were 349, of whom 52 were new pupils; in the present Term, 351, 30 being new pupils; adding the 74 Boys in the Branch School at Hampstead, this makes 425 in all.

The College Fees received to February 1st are £3,036 12*s.* 0*d.* in the Faculty of Medicine, and £9,925 2*s.* 6*d.* in the Faculties of Arts and Laws and of Science.

Professor Huxley.
Mr. Thomas Key.
Lord Leighton.
Rev. William Rogers.
Mr. T. Twining.

PROFESSORIAL AND OTHER APPOINTMENTS.

Dr. Charlton Bastian resigned the Chair of Medicine at the close of last session, and Dr. F. T. Roberts was appointed to succeed him. The Chair of Materia Medica, vacated by Dr. Roberts, was filled by the appointment of Dr. J. Rose Bradford, D.Sc., F.R.S. Dr. Thomas Barlow has been appointed Professor of Clinical Medicine.

Mr. Alexander Henry, who had held the Professorship of Jurisprudence for twelve years, resigned it last summer. Mr. Henry had, in addition to the duties of his own Chair, kindly fulfilled those attaching to the Professorship of Constitutional Law and History (vacant since Mr. Scrutton's retirement), and had also lectured on Indian Law to Selected Candidates for the Civil Service of India passing their probationary period at the College. In recognition of his services the title of Emeritus Professor of Jurisprudence has been conferred on Mr. Henry.

Mr. J. Pawley Bate, Fellow of Trinity Hall, Cambridge, has been elected Professor of Jurisprudence. He has also been appointed Professor of Constitutional Law and History for three years.

Mr. J. W. Neill, late Judicial Commissioner of the Central Provinces of India, has been appointed Lecturer on Indian Law.

The Chairs of Persian and Arabic, long held by Professor Rieu, whose resignation was reported last year, were filled in June last by the appointment of the Rev. R. Bruce, D.D., to the Professorship of Persian, and of Mr. A. Strong, M.A., to that of Arabic. Dr. Bruce, however, resigned his appointment in October, and his successor has not yet been chosen.

Mr. A. Farinelli occupied the Chair of Italian for some sixteen years, during several of which he also held the Barlow Lectureship on Dante. His lectures on the Divina Commedia, given in Italian, attracted considerable audiences and assisted materially in promoting the study of Italian Literature in London. Professor Farinelli's health, however, showed signs of giving way, and at the close of last session he tendered his resignation, which was accepted by the Council. A pension of £30 a year was granted to Professor Farinelli in recognition of his long service. His successor has not yet been appointed.

Dr. E. Moore, Principal of St. Edmund Hall, Oxford, has been appointed to the Barlow Lectureship for three years.

Mr. B. Moore, M.A., has been appointed Sharpey Scholar in succession to Assistant Prof. L. E. Hill, resigned.

Dr. Vaughan Harley has been appointed Assistant Professor of Pathology, Mr. Raymond Johnson, B.S., Assistant Professor of Clinical Surgery, and Mr. A. G. Tansley, B.A., Assistant Professor of Botany.

UNIVERSITY FOR LONDON.

The Council much regret that the Bill, which it was reported last year was to be brought in by H.M. Government, for the appointment of a Statutory Commission in accordance with the recommendations of the Cowper Commissioners, was prevented from being passed into law by the dissolution of Parliament. A similar deputation to that which last year waited upon the then Prime Minister was this year received by the Lord President of the Council; when the urgent need of the College was represented for a speedy settlement of the question, in what manner a teaching University for London could best be founded. The Duke of Devonshire, while not denying that such an institution was a necessity, expressed himself averse to forcing upon the University of London any change in the present system of open examinations. Since that date Convocation has reaffirmed by an increased majority its acceptance of the proposals of the Cowper Report.

In view of the objection raised by the Lord President, and of the differing views which have been expressed of the purport and effect of the Cowper Report in this respect, the question was put by the representative of University College at a recent meeting of the delegates of institutions accepting the scheme, whether it was agreed that the Scheme contemplates a complete severance, at first at all events, and until the Senate should specially direct otherwise, between the examinations for internal and external students; such severance to apply to matriculation, intermediate examinations, and all examinations for the first degree, and to include examinations both for a Pass and for Honours: and it was unanimously agreed that this was

what was intended. Earl Cowper, K.G., the Chairman of the Commission being in the Chair, and others of the Commissioners being members of the Conference, it may perhaps be considered that this statement is authoritative, so far as concerns the supporters of the Scheme.

On the other hand, certain amendments, proposed by opponents of the Scheme, with the apparent object of obliging internal students to pass the same examinations as are now passed by external students, have not approved themselves to the Council, and will be resisted to the utmost of its power.

A suggested amendment to Lord Playfair's Bill, whereby the customary right to appeal to the Privy Council from the proposals of the Statutory Commission is reserved to all persons and institutions directly interested, has received the support of the Council, as of all the other institutions with which it is now acting.

DAY TRAINING DEPARTMENT.

After a trial extending over two years the Council came regretfully to the conclusion that the Day Training department must be discontinued. The previous training of the majority of the students was such that they were unable to follow with profit the instruction given in even the least advanced of the ordinary College Classes. And when admittance to the department was limited to those Queen's Scholars who had obtained a first class in the Queen's Scholarship Examination or had passed some University Examination, the entries shrunk to four or five. Had women been admitted, the numbers might have risen, but the expenditure would probably have increased proportionately, and the Council did not feel justified in incurring it.

LONDON COUNTY COUNCIL.

The grant from the Technical Education Board has been raised from £1000 to £1500. New conditions however have been attached to the grant, which are as follows :—

1. That each Technical Department be open at least one night in the week during the Winter Session from 7 P.M. till 9.30 P.M., and that class teaching and laboratory instruction of University type (not popular lectures) be provided at fees to be approved by the Board.

2. That two courses of normal lectures, accompanied by laboratory practice, be given in the College on Saturdays, during the Winter Term, to teachers nominated by the Board.

3. That the complete College Course be available to five Scholars nominated by the Board without payment of fees.

It may be pointed out that provision of evening instruction of the type required involves either a considerable strain on the endurance of a Professor who has been at work most of the day, or the additional expense of a very skilled assistant. The grant from the Technical Education Board is undoubtedly of great advantage to the Technical Departments, but it is far from relieving the College of the whole of the expenses specially connected with their maintenance. It is to be hoped, in view of the large outlay which the College has incurred in building and fitting up the laboratories of Mechanical and Electrical Engineering, and the value of those laboratories to the community, that the County Council will, in the near future, see their way to assist the College yet further in this respect. It will be observed that the increased grant still falls short of that awarded to the College by the Treasury out of the Parliamentary Grant to English University Colleges, which stands at present at £1,700, by no less than £200.

YATES ARCHÆOLOGY TRUST.

The Council applied last year to the Charity Commissioners for a Scheme in connexion with the Yates Archæology Trust. The proposals submitted to the Commissioners have met with their approval, and the Scheme embodying them has been sealed, so that the Council are now able to proceed to the appointment of a Professor.

PEEL MEMORIAL FUND.

The income of the Fund in 1895 was expended in the purchase of books, etc. presented to the Abercarn and Cwmcarn Library, Reading and Recreation Rooms, the Carlyle Working Men's Club, and the Saltney Literary Society and Workmen's Library.

THE TREASURER.

The Council regret to announce the resignation of the Treasurer, the Hon. Walter Rothschild, who was elected to that office on the death of Sir Robert Fowler, and whose engagements do not now permit of his devoting himself as fully as he would wish to the service of the College. In communicating his resignation Mr. Rothschild gave proof of his interest in the College by enclosing a contribution to the funds of Two hundred guineas. The Council have nominated Mr. John Francis Rotton, Q.C., their senior member, for the office of Treasurer in succession to Mr. Rothschild, and feel confident that in doing so they have the full approval of the Members of the College.

DONATIONS.

Besides Mr. Rothschild other friends of the College have sent donations, which are the more valuable because of the importance attached by successive Chancellors of the Exchequer to the item "Local Subscriptions" in the accounts of University Colleges. The distribution of the £15,000 granted to these Colleges by Parliament depends not a little on the pecuniary support obtained by the various Colleges in their several localities. Donations to the College funds are, therefore, not only valuable in themselves, but indirectly may be of great use in stimulating Governments to greater liberality.

The following have been received since the last Report was issued:—

The Crabb Robinson Trustees....	£390
Mr. Rothschild	210
Dr. W. Marcet	150
Prof. Carey Foster	100
Mr. J. T. Chance	100
Leathersellers' Company	25

LIBRARY.

The Supplement to the Library Catalogue has been printed as far as *Reis*. It contains the Barlow Dante, Grant Literary, Quain Law, Fine Art, and Chemical Library Catalogues, as well as the other additions, excluding medical and zoological, acquired previous to 1887.

A list of additions for the years 1893 and 1894 has been printed, and a list for 1895 is in preparation.

The donations to the Library during 1895 were as follows:—

HOSPITAL.

A scheme for the gradual re-building of a new Hospital of not less than 300 beds has been approved by the Council of University College, and sketch-plans have been adopted.

The Committee deeply regret to report the death of two of their most able colleagues in the persons of Sir Julian Goldsmid, Bart., and Sir George Buchanan, M.D., F.R.S.

The Committee further announce that Sir Douglas Galton has resigned the Treasurership of the Hospital, but they are glad to state that he has kindly consented to serve as an ordinary member of the Committee. Lord Monkswell has been appointed Treasurer *vice* Sir Douglas Galton.

The Committee are glad to state that Mr. William Thomas Read has commenced the endowment of a Bed, by annual donations for Investment, in memory of his brother and partner, John Walter Read. The Committee recommend this excellent method of perpetuating the memory of any deceased relative or friend. The full amount for the permanent endowment of a Bed or Cot is £2,000, but, as in the above case, the Committee will be very pleased to receive instalments for investment towards the desired end.

The Memorial to the late Mr. Marcus Beck, F.R.C.S., referred to in the last Report, has now been erected in Ward 2, and has taken the form of an artistic mantelpiece and overmantel in oak and tiles.

The debt at the close of the year exceeded £12,000, and the Committee most earnestly appeal for additional pecuniary support.

Return of Services of the Members of Council from January 1st to December 31st, 1895, inclusive. Meetings of Council 12, of Committee of Management 20, of Senate 5.
